FORTPRIME UF
PRIMER FOR SEALANTS

FORTPRIME UF is a solvent free urethane polymer resin based primer coating which helps bonding between Suitable sealants with concrete substrate.

APPLICATION FIELD
For use in hygiene /environmentally
Sensitive areas where good adhesion required for sealants

ADVANTAGES
- Excellent chemical and abrasion resistant
- Attractive , glossy finish which can be easily cleaned
- Can be used as a multipurpose which provides safe

TECHNICAL PROPERTIES

Solid content	80 to 100%
Finish	Clear gloss
Flash point	>100°C
Flexibility	Good
Water resistance	Good
Coverage (theoretical)	10sq.m/ ltr @100 micron thickness

APPLICATION:
Surface Preparation: The substrate (concrete) should be fully dry, clean and sound. Grid blasting is preferred cracks should be repaired and should allow to cure. The substrate should be moisture free

Mixing: Should be mixed well prior to the use

Application Apply by brush or roller ensuring surfaces are fully covered. It may be necessary to apply two coats exclusively porous substrate areas.

Cleaning of tools: Clean all the tools and equipment with Cleanser immediately after the use.

PACKING: Available in 20 L and 4 L

STORAGE: Store under ware house conditions, in the original unopened packs.
Shelf life: 12 months under conditions below 45°C.

HEALTH AND SAFETY: May Irritate to eyes and skin. Avoid breathing fumes,
Wear suitable gloves and eye/face protection. Wash hands with water after use.
